

MODERN

POLYMER PIPE & EXTRUSIONS

ABOUT MODERN POLYMERS

Modern Polymer Products is a leading provider of high performance mineral and additive concentrates and compounding services for the global plastics industry.

We have over 40 proven formulations including UV concentrates, slip concentrates, antistat concentrates, antioxidants and process aids. Additionally, we provide tolling services for our customers' proprietary formulations. Our in-house laboratory capabilities and ISO 9001 quality management system ensure our products meet the highest quality standards.

Our world class 300,000+ sq. ft. manufacturing and logistics facility with intermodal access is centrally located near Houston, Texas, in the heart of the U.S. petrochemical industry.

Founded in 2014, Modern Polymer Products, Inc. is part of The Modern Group, a strong family of leading industrial equipment companies serving a broad variety of industries since 1963, including oil and gas, agriculture, power generation, storage and transportation. All Modern companies are united by a steadfast set of core values – we build and deliver products of the highest quality, we relentlessly strive to provide outstanding equipment and project support, and we come through for our customers no matter what.
